AWARENESS MESSAGE

Maintaining Increased Security Vigilance

You will be aware of recent events involving the global War on Terrorism and of the ongoing operations of NATO in Libya. In response to these events:

- The current threat level for Belgium remains at **MEDIUM**.
- The current Alert State for SHAPE remains at **ALPHA**.

You should be aware that SHAPE's Alert State incorporates elements of higher Alert States which may be instigated at any time. At times, these may cause some delay and inconvenience and your cooperation and patience when entering SHAPE and while within the installation is therefore appreciated.

There are various ways in which you can assist IMP and Security personnel to carry out their mission in the most efficient way possible.

- Ensure that your personal and vehicle identity documents are up to date and legible.
- Have your documentation available for scrutiny at vehicle and pedestrian check points.

SES Branch continues to remind all personnel to follow all guidance issued previously and **remain vigilant**. Further updates will be issued as necessary.

Finally, if you see suspicious activity wherever you are, **report** it to the Police and Security personnel at the following numbers:
